Singing in the Rain

One focus of Latter Rain Publishing, LLC is on the building of the arts. That's just one of the reasons we are dedicated to helping artists who have limited resources, as well as those who just don't know where to start, to follow their dreams. If you are a singer with a song (or songs) that you have been creating, and you are stuck with the lyrics, or you simply choose to compose music, but would like to have lyrics written to accompany it, we can assist you.

A writer/lyricist will be assigned to your account to work in conjunction with you to finalize the project through our LyricalE Inclined Song Assist Program. The fee for this service is \$30.00 per work, of which, \$20.00 will cover the lyricist's payment, and the remaining \$10.00 will cover document creation and processing. Digital mastering is done by a third party partner, and will require additional fees. However, the song will be adjusted for online playback quality, at no additional charge. Once complete, the song will be featured on the "Featured Works" page of the Latter Rain Publishing, LLC website!

All works that Latter Rain Publishing, LLC assists you with will require obtaining a [copyright](#), which is \$35.00 for a song recording (single or compilation) by a single artist. Find Form SR (sound recording) [here](#). You will be required to submit an electronic version of the copyright to Latter Rain Publishing, LLC. If you choose to have Latter Rain obtain the copyright, there will be an additional \$25.00 processing fee.

	Copyright (Artist)	Copyright (Shared)
LyricalE Inclined Song Assist	\$65.00	\$90.00

*In order to attract additional attention to your work, you might want to include the link to the Latter Rain Publishing, LLC website page on which your work will be featured.

Thank you for considering Latter Rain Publishing, LLC to help move you closer to your dream!
